SKU: JAN-BE-11

DAYS CORNER SHOWER STOOL

\$149.99

A compact, corner-fit shower stool that provides stable, height-adjustable support.

The Days Corner Shower Stool offers a practical, supportive solution for people needing seated assistance while showering in smaller bathrooms. Its triangular design fits neatly into the corner, maximising available space without compromising stability.

PRODUCT DESCRIPTION

The Days Corner Shower Stool supports people with reduced mobility or balance who need a safe, comfortable seat during showering. The triangular, corner-fit design saves

space in compact bathrooms, making it ideal for home or care environments where room is limited.

Made from lightweight, rust-resistant aluminium, the stool is easy to reposition and clean.

The curved plastic seat enhances comfort and has drainage holes to prevent water build-up.

Height-adjustable legs accommodate individual needs, while non-slip rubber tips ensure secure footing on wet shower floors. The tool-free design allows for quick setup, repositioning and maintenance.

Who it's for

- For clients who need a compact, supportive shower seat to enhance safety in small shower spaces.
- For therapists recommending space-saving, adjustable-height shower stools to support balance or mobility concerns.
- **Corner-fit triangular design** - saves space in small showers
- **Curved, contoured seat** - promotes comfort and stability
- **Height-adjustable aluminium legs** - lightweight, rust-resistant and easy to set up
- **Drainage holes in seat** - reduce water build-up and support hygiene
- **Non-slip rubber tips** - improve grip on wet floors
- **Tool-free setup** - quick to assemble and reposition
